

November 19, 2004 – meeting minutes.

Members present – Amy G, Amalia D, Erik O, Skylar P, Jen N, Kuwanna D, Tina N (with child), Steve B, Kathy S, Jeremy P, Justin G, Brad S, Colin W, Al K.

Blood drives are taken care of by YoungBlood, did not respond to Skylar's attempts at organizing one. Will continue to work to get chapter to host a blood drive.

Walk-a-thon – not really much has happened regarding dates etc., but we hope to participate in one this coming spring.

Field trip planning – we have the possibility of some funds (Shell) if we plan something and send an itinerary. Illinois refineries? Spring trip (Al) – somewhere to see petroleum production. Sarnia, Ontario? Steve, Al and Colin will try to plan a good place to go (April)

Ropes course – still some interest, but not until Spring. Kathy S will be in charge of planning that outing.

2005 Annual Meeting – June 19-22 Calgary – Those interested in attending: Steve, Colin, Jeremy, Kuwanna, Brad, Kathy, Amalia, and Justin.

Bake Sale – many folks like to bake, beginning of the semester. Every other Friday even. Tina, Kuwanna and Amalia will take charge of this one.

Jeremy and Jen become the winter fun planners – sledding, ice-skating, Tyrol Tuesdays.

A need to update/increase the amount of Mentoring within the department, whether with the BOV or some new plan. Erik is going to head this initiative and will speak with Clark. Bulletin board, peer review of resumes, workshops, career panels, a list of alumni (website).

Website has been updated by Kuwanna. Vitor Abreu, an AAPG sponsored speaker from ExxonMobil, Dec. 10, on sequence stratigraphy. Will want to meet with students whose theses involve sequence strat.

Check from our work in the general store at the 2004 meeting in Dallas in hand; in process of opening chapter bank account.
